PRESENTS

A Seminar by Angus Energy

With energy prices as low as they are,
you are in a **UNIQUE POSITION** to take
control of our fuel prices.

We invite you to a seminar filled with
invaluable advantages critical to
your farm's success!

Does your farm consume direct fuel at the pump, bulk fuel for storage or indirectly through fuel surcharges? Imagine controlling these fuel costs using a detailed price protection hedging program. Your business will always be able to stabilize and manage your fuel budget under any market conditions.

Control and stabilize

your fuel budget cost by determining which type of hedge instrument best fits your goals and objectives

**Improve your bottom line
and manage fuel costs**
with important hedging tips
